## THE SCORING SYSTEM - OVERVIEW

Men's college gymnastics elected to adopt the International Gymnastics Federation's (FIG) "Code of Points" as its new scoring system starting in 2008. Previously, the program had been using a modified version in the 2006 and 2007 seasons which still put a maximum value of 10 points on each routine. In the newly adopted system, a gymnast's final score is comprised of the sum of his Difficulty and Execution Scores. The scores for each routine are open-ended with most scores earning between 13-16 total points depending upon the apparatus.

## DIFFICULTY SCORE

The Difficulty Score awards gymnasts points for the difficulty and technical content of a routine. One judge is on the D Panel and is responsible for crediting the athletes for connections (two high-level skills that are connected) and for completing element group requirements. The nine most difficult skills and dismount will account for the Difficulty Score. All skills have a set value and are categorized into six groups depending upon the difficulty aspects of the element. Connection values can be earned on floor, rings and high bar for an extra 0.1 or 0.2 points.

## EXECUTION SCORE

The Execution Score is decided by a two to four person E Panel. Beginning with 10 points, deductions for errors, faults in execution and presentation will be made by all judges independently. The Execution Score is computed by taking a varied average of the E Panel marks. The range of deductions are from 0.1 point for a small error and 1.0 point for a fall.

## NEW SCORING SYSTEM

The NCAA changed its men's gymnastics scoring system in 2013. Instead of the previous system in which six gymnasts competed with four scores counting toward the team total, the new system features a format in which five gymnasts compete with all five scores counting toward the team's final score. In making this change, the NCAA ensured that a greater emphasis is placed on team depth as any errors are now magnified. The new format also allows for collegiate gymnastics to be more similar to international gymnastics in scoring.

## RUSTAM SHARIPOV

**HEAD COACH**  
KHARKOV, UKRAINE  
THIRD SEASON

Rustam Sharipov (roos-TOM SHARE-ee-pahv) was named the head coach for the Ohio State men's gymnastics team in the summer of 2011. Sharipov, previously an assistant coach at the University of Oklahoma from 2005-11, brings the experience of three Olympic medals, including two golds, to Columbus as the eighth head coach in program history.

In 2012-13, Sharipov guided redshirt junior Michael Newburger to the 2013 NCAA Pommel Horse Championship. The Austin, Texas, native scored a 15.45 on the event to become only the second gymnast in program history to win a national championship on pommel horse. In addition to Newburger, Sharipov coached sophomore Danny Steiner and redshirt sophomore Jeff Treleaven to All-America honors on floor exercise and vault, respectively, at the 2013 NCAA Individual Event Finals.

Ohio State placed fourth overall at the 2013 Big Ten Championships, one place higher than the previous season. Under Sharipov's guidance, Steiner placed second overall on floor exercise, earning Second Team All-Big Ten honors for his performance.

In his first year as head coach, Sharipov led the Buckeyes to a record-setting season, as he guided five members of the team (senior Ty Echard, sophomores Misha Koudinov and Kris Done, redshirt sophomore Michael Newburger and freshman Danny Steiner) to All-America status at the 2012 NCAA Individual Event Finals, tying the season program record with the 1993 and 2002 campaigns, respectively.

Sharipov coached Echard, a 2012 Nissen-Emery Award Finalist, to a share of the Big Ten pommel horse title and subsequent first team All-Big Ten honors. He also guided Koudinov to a third-place tie on floor exercise and a second place finish on parallel bars at the Big Ten Championships.

A native of Kharkov, Ukraine, Sharipov was named 2006 National Co-Assistant Coach of the Year, helping the Sooners claim the NCAA Championship that year. In 2008, Sharipov helped guide the team to a second national title and was named co-assistant coach of the year for the second time in his career. In 2011, he was named the CGA West Region Assistant Coach of the Year, leading the Sooners to a NCAA runner-up finish in the team finals April 15 at St. John Arena in Columbus.

After retiring from competitive gymnastics in 2000, Sharipov moved to the United States and began his coaching career at the Bart Conner Gymnastics Academy in Norman, Okla. After one year, Sharipov accepted a coaching position at the Houston Gymnastics Academy where he worked with some of the top gymnasts in the nation, including U.S. National Team members Sean Townsend and Todd Thornton. In 2004, he was the head coach for the U.S. team that won the gold medal at the Junior Pacific Alliance Competition and in 2002 was the coach of the U.S. team that took gold at the Junior Pan American Games.

As a gymnast, Sharipov began his competitive career as the Soviet junior national champion in 1989 before bringing home the all-around championship at the 1990 U.S. Olympic Cup. Sharipov helped the Unified Team to an Olympic Gold Medal at the 1992 Barcelona Olympics. He put on a show at the 1992 European Championships, winning high bar and taking second on parallel bars. Sharipov also took first on parallel bars at the CIS Championships and the DTB Cup, and added a high bar championship at the Tokyo Cup.

In 1993, Sharipov continued his success, taking first in the all-around at both the Nikon International and the International Championships of Romania, along with a third-place finish in the event at the European Cup. At the 1994 World Championships, Sharipov was a member of the third-place team and was the runner-up on parallel bars.

In 1995, after winning championships on parallel bars at the French International and the Cottbus International along with an all-around title at the International Championships of Romania, Sharipov had an impressive showing at the European Cup, winning gold on high bar and parallel bars. He followed that up in 1996 with perhaps the best year of his career, taking first on parallel bars at the European Championships before adding the championship on the apparatus at the World Championship.

The crowning moment came in 1996 in Atlanta, Ga., where Sharipov won the Olympic gold medal on parallel bars and was a member of the bronze-medal Ukrainian team.

A 1997 graduate of Kharkov State in Ukraine, Sharipov was awarded the title of Master of Sport in 1992. The honor represents the highest athletic level one can reach in the former Soviet Union.

Sharipov and his wife, Amber, have three daughters, Ksenia, 10, Maya, 8, and Isabella, 6 and one son Raistlin, 2.

# THE NISSEN-EMERY AWARD

## THE NISSEN-EMERY AWARD

Each year, the prestigious Nissen-Emery Award is presented to the outstanding senior male collegiate gymnast in the nation. Stanford's Eddie Penev was the recipient last season.

In addition to gymnastics excellence, the winner also must fulfill the following requirements:

- He must be an example of good sportsmanship and fair play - a champion in defeat as well as in victory.
- He must maintain a high standard of scholarship throughout his college career.

College gymnastics coaches, student-athletes and accredited college gymnastics judges across the nation are requested to submit nominations. Gymnasts receiving the highest number of nominations are placed on a final ballot and voted upon by those same coaches, student-athletes and judges.

## GEORGE NISSEN

The award is named after George Nissen, a world class athlete and inventor, who was a three-time national tumbling champion from 1935-37.

Nissen is most widely recognized for his invention of the trampoline, which was used for recreational purposes at schools across the country in the 40's and also was used to train and condition Navy pilots during World War II. Following the war, Nissen started the Nissen Trampoline Co., which eventually became Nissen Corp., the world's largest supplier of gymnastics equipment.

He is the honorary President of the International Federation of Trampoline and in 1993, was elected Vice President of the International Federation of Sports Acrobatics.

He was the founder of the Nissen Cup in Switzerland and the recipient of the Distinguished Service Award of the President's Council on Fitness and Sports.

At age 70, he founded Nissen Sports Academy, which continues to develop new fitness products. He is the owner of more than 30 patents in the field of sports and fitness.

Nissen has received numerous awards throughout his life, and the 91-year-old competitor was the 2000 honoree for the Senior Fitness Award from the California Governor's Council on Physical Fitness and Sports.

## ROBERT EMERY

In 1998 Dr. Robert W. Emery, the 1969 winner, agreed to help the College Gymnastics Association (CGA) finance the redesigning of the award and establish an endowment that would indefinitely cover the annual expenses associated with it.
